ABOUT ME

I'm more than just a designer: I'm an analyst passionate about delivering the best possible user experience. Combining my experience in app development with creativity, I strive for innovative and intuitive solutions. My approach is based on understanding and analyzing the user journey, ensuring that every click and interaction is meaningful and enjoyable. I have skills in UI/UX and knowledge in app development, always seeking to improve my skills and stay up-to-date with the latest market trends.

Currently looking for an internship or entry-level position to fulfill the requirements for my studies and to give a head-start on my career journey.

WORK EXPERIENCE

JAG PERSONAL ASSISTANT,
ATTENDO, NYTIDA
Stockholm
Jan 2017- Dec 2019

Personal Assistant

- More than just providing assistance, I created a positive and supportive environment for individuals in need. My ability to empathize, organize, and communicate effectively allowed me to make a real difference in their lives.
- Empathy-driven impactful assistance
- Cultivated supportive client environments

INTERNSHIPS

MakeUp Institute
Stockholm
Stockholm
Nov 2024 -
October 2025

UX & UI Design

- As a UX/UI designer at MakeUp Institute Stockholm, I am responsible for improving the user experience by combining design and research. My work includes:
 - Conducting UX research to understand user needs, behaviors, and challenges through interviews, surveys, and user testing.
 - Analyzing insights from research to create user-centered solutions.
 - Designing intuitive and visually appealing interfaces that enhance the user journey.
 - Optimizing the website's functionality and aesthetics to strengthen the brand and increase engagement.
 - Collaborating with the team to implement solutions that meet both user needs and business goals.

IT-HÖGSKOLA
Stockholm
Jan 2023 - May 2023

Flutter - Omställningsstudiestöd

- Collaborated with a cross-functional team to create a mobile application simplifying access to clear information about Omställningsstudiestötet (Transitional Study Support). Designed and implemented an intuitive search function for education and schools, inspiring users and streamlining the application process for further education. Leveraged Agile methodology alongside backend and application developers to ensure seamless development and data management. Skills: UX/UI Design, Mobile Developer, User Research, Prototyping, Collaboration, Agile.
 - Developed app easing access to Omställningsstudiestötet info.
 - Designed search to inspire users; streamlined education processes.
 - Utilized Agile with dev team for seamless development management.
 - Skills: UX/UI, Mobile Dev, User Research, Prototyping, Collaboration.

ENABLERS OF SWEDEN
Stockholm
Oct 2022 - Dec 2022

Swift Storyboard

- Development of a prototype application where small and large companies could publish their ads.
